

Come and experience
the fun...

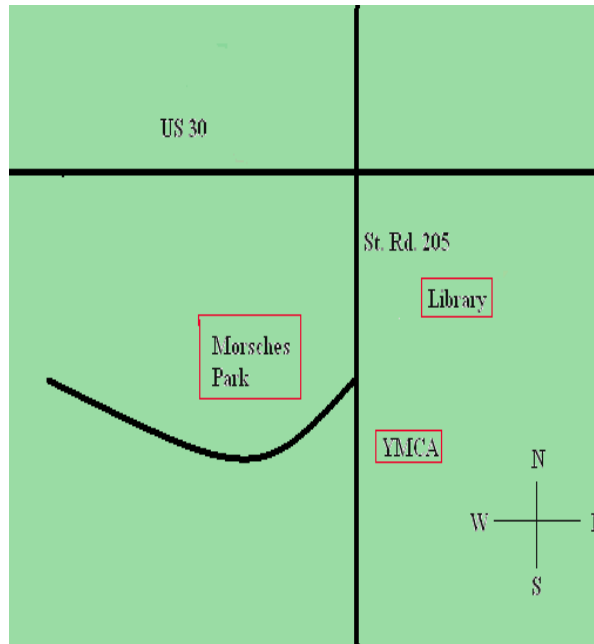

Your child will enjoy learning fundamentals as well as being a team player. Our 8 week program will offer your child opportunities to grow as a baseball player or softball player and enhance skills that will help them at the next level. As the Columbia City Parks Dept, we want to give your child the chance to play in a fun and safe environment.

We hope to see you out this season!

Columbia City Summer Baseball/Softball

About our program...

Baseball/Softball will be an instructional program integrating practices with actual games. All games will be in house games and teams will play one another throughout the season. The majority of the games will be held and played Monday-Thursday at Morsches Park. Practices also will be at Morsches Park. The weeks will consist of one or two practices with one or two games a week depending on the number of teams. This will allow your child to develop more skills and also develop fundamentals to help them exceed at the next level.

Baseball & Softball

The boys and girls will be learning the fundamentals of baseball and softball. This will give every child the chance to not only learn what will be expected of them in the future, but also to sharpen their skills. Teams are randomly assigned with each team having players who specify that they are pitcher and/or catchers.

This program is offered to children ages 9-10 for the minor leagues and 11-13 for the major leagues. The cost is \$70.00 for the season.

T-Ball & Lob Ball

T-ball and Lob ball will be programs that start the fundamentals and that will be built upon in the older leagues. Here, the main focus will be on the children learning the basics of baseball and softball. T-ball and Lob ball will meet twice a week with one meeting being a practice and the other meeting being a game that coaches will run. This program is offered to children ages 4-6 for T-ball and 7-8 for Lob ball. The cost is \$35.00 for the season.
